Welcome to special health care services

To continue you need to approve the terms for the HUS authentication services and the data protection statement.

Please confirm that you approve with:

Terms for Customer

Welcome to our web service. By using this service, you accept the conditions therein.

The service is maintained by the Hospital District of Helsinki and Uusimaa Joint Authority (HUS). HUS aims to make sure that the information contained in the service is correct and up-to-date and to ensure the availability of the service, excluding the necessary maintenance breaks. However, HUS cannot guarantee that the information contained in the service is correct, unchanged, up-to-date, available or applicable for the purpose intended by the service user. HUS is entitled make changes to the service, limit access to the service and discontinue provision of the service.

HUS is not liable for any damage caused by service use or breaks in service availability. Furthermore, HUS is not responsible for the usability or data security of open-access networks or the content of external websites linked to the service.

WELCOME TO MY PATH!

My Path is a digital service portal where you can get care and support at any time. At My Path you can find self-care programmes and digital care paths dedicated to you. My Path enables secure communication with your care unit together with guidance and coaching during your care. The portal is used for specialised medical care services.
